Bishop Knowles Popular Choice at The Synod

At Election to Choose Bishop for
Diocese of Qu'Appelle

Many of your readers will, no doubt, be interested with an account of the special Synod of the Diocese of Qu'Appelle held in Regina on March 22-24, for the purpose of electing a Bishop to succeed the now Rev. M. M. Harding who has now become the Lord Archbishop of Rupertland. To this end I give the following information.

The clergy and lay delegates of Synod met in St. Paul's Church, Regina, at 8 a.m. on Wednesday morning to ask God's blessing on their endeavors. The Synod Eucharist was celebrated by the Lord Archbishop of Rupertland. A most three hundred members were present at the service and received communion. It was a revelation to see so many men together in one church, all singing lustily and praising God.

At 10:30 the delegates and clergy met in St. Paul's Parish Hall and the roll was called. Eighty-four clergy were present and 195 lay delegates. Each man cast his ballot as his name was called, with the following result:

(When your readers understand that any Clergyman of the Anglican Communion throughout the world was eligible, the popularity of the name chosen will be better understood.)

Archdeacon E. H. Knowles received 64 clergy votes and 142 laymen votes.

The Ven. Rev. E. H. Knowles, D. D., LL. B., therefore, becomes the Bishop Elect of the Diocese of Qu'Appelle and will in all probability be consecrated in Regina at some date near June 24th, the being the festival of St. John the Baptist and the anniversary of the consecration of the first Bishop of Qu'Appelle in Lambeth Palace, London, in 1884.

The Bishop Elect came to Canada during the Episcopacy of the First Bishop (Bishop Anson); was Licensed as Lay reader by the Second (Bishop Barn) Ordained by the Third (Bishop Grisdale) became Archdeacon under the Fourth (Bishop) now Archbishop (Harding) and will himself become the Fifth Bishop of the Diocese of Qu'Appelle.

As Bishop elect, we are expecting a visit from the Archdeacon for the purpose of instruction within the next few weeks. As Bishop, we expect a further visit in the Fall for the purpose of Confirmation.

Most people of Redcliff will remember the Bishop Elect as the Secretary of Synod.

Timely notice will be given in the "Review" of the Visitation.

Yours
H. S. Hannett.

"Last Post" Will be Repeated April 24th

Added Attraction to Three Act
Comedy By St. Ambrose

Owing to the fact that many people in town were unable to see "Last Post," the local edition of the war play, which was last presented by the Little Theatre Association, members of the cast, in compliance with numerous requests for a repeat performance have consented to put on the play as an added attraction to the annual three-act comedy presented by the W. A. of St. Ambrose Church. The show is booked to take place in the Little Theatre on Wednesday evening, April 24th. Program giving details of the performance will be released in a few days time. For the present it need only be pointed out that the three-act play to be effected is a side splitting comedy entitled "Yimie's Yonson's Yoi" which promises to outlast the sterling performance called "The Fall House" which was offered to "Full House" by the same organization last year.

Bow Island Teacher Shot at by Pupil

Was to Have Addressed Social
Credit Meeting Here

Mr. T. Turner, school teacher at Bow Island, was killed by a pupil at a Social Credit meeting here last Friday evening. Turner was unable to be present as he was shot in the leg that afternoon by one of his school pupils. It appears Mr. Turner had expelled the pupil, named Dick Turner, from school some weeks ago and the lad returned to school last Friday with a .22 rifle. He fired two shots at Mr. Turner. One went wild and the other hit him on the leg. Mr. Turner was taken to the hospital and Ferne was sent to Ponoka.

This Week at Ottawa

Ottawa, March 29th, 1935

On Thursday I spoke in the Budget debate. I stated that we all were glad to see signs of mounting revenues and increasing trade but that the farm problem and the unemployment problem were not solved as yet. There are still a million people in Canada in direct relief. There is much unfairness and lack of uniformity in the handling of the rural problem. In some cities a family of five gets \$48 to \$70 per month and in some countries only \$5 or \$10 is allowed. To the credit of the Government it can be said that action has been taken to prevent Medicine Hat constituency voters on Saskatchewan to the last and I have, year after year, complained to the Minister because while the climatic conditions prevail, yet relief is given much more generously in Saskatchewan.

I argued that the U.S.A. was our natural market for livestock and the increased prices we are able to get in Alberta is a reflection of the advance in the American prices. Last week 4 car loads of Canadian cattle sold in Chicago for \$11.75 per cwt. At present no cattle are going to Europe because it is possible to ship to the States in spite of the duty of \$ 3.10 per lb. and expense of 11¢ per lb.

I gave statistics to show that there was room in Canada for expansion of the best sugar industry. I have argued that every year for a long time. We only produce the raw material for 15% of the sugar we use while U.S.A. and Great Britain grow the raw material for 20% of their requirements and they are not agricultural countries, to the same extent. The Beet Sugar Industry has great potentialities as an employment measure, for the help in the production of sugar, the livestock industry to transportation, for the supplies of lumber, lime and fuel and particularly because it would save the great irrigation projects by providing a profitable crop.

I pointed out that the lack of purchasing power by the people needed to buy food, clothing, domestic implements etc. was the great factor. The farmers were submerged by debts, chicanes, taxes and short of credit, food, seed, etc.

Britain Has Scheme For Europe's Peace

Calls for 3-Power Conference
To be Held in Italy

Plans for a pan-European security system with enforceable provisions against aggressive nations were stated by the British government spokesman to the requisite staff of the forthcoming conference of Great Britain, France and Italy at Stresa. The spokesman said preliminary study of the talks by British ministers in Berlin, Moscow and Warsaw had convinced the government a non-partisan plan open to the signatures of all nations in Europe, Germany, was the only way to ensure the future peace of the European continent.

Ratepayers To Vote on Bylaw Here Tomorrow

Bylaw Provides For Pay
Mayor and Councilors

Property owners of the town will be called upon tomorrow to vote on a bylaw which the council is submitting to the Burgesses for their approval or rejection. The bylaw provides for paying the Mayor and Councilors \$2.00 each for attending meetings and for payment to the Mayor of not more than \$3.00 a day for laying out and inspecting of town work, the latter not to exceed \$25.00 in any year.

This bylaw was made possible by a change in the Town Act last year, providing for same.

There appears to be a difference of opinion among the ratepayers in regard to this bylaw. Some are of the opinion that the Mayor and councillors are entitled to pay for the time they spend at meetings to look after the town's affairs.

Others maintain that at the present, when times are tough and taxes are high, it is not the time to place additional expenses on the ratepayers, especially in view of the fact that when the town was booming and much more work devolved upon the council, the Mayor and councillors got no remuneration, but rather did it for the good of the community and the honor of the office.

The ballot reads: FOR the bylaw and AGAINST the bylaw. If you want the council to get paid mark your X in the space marked "FOR." If you do not mark opposite "AGAINST."

Only property owners are allowed to vote.

School News

Total contribution of the public and high school to the King George V Silver Jubilee Cancer Fund now amounts to over twenty-two dollars.

Members of the High School Literary Society will be "at home" to trustees, parents, friends, and ex-students in Cliff Hall tomorrow evening. Elaborate preparations are being made by the executive under the direction of the President, Keith Ellis for the outstanding social event of the season. Almost two hundred invitations have been issued. The evening will be spent at games, competitions, and dancing, with breaks for lunch and concert numbers. A special orchestra has been engaged for the occasion.

Local entries will appear in the grand concert to be given in Gordon Memorial Church school room on Wednesday May 1st.

Senior examinations in the high school commence on April 11th and continue until the close of school for the Easter vacation on April 18th.

Aberhart Will Not Run as Candidate

For Has He Any Intention of
Seeking the Premiership

In his address last Sunday Vm. Aberhart announced that he would not be a candidate in the approaching provincial election and that he had no intention of seeking the premiership. This will make it hard for the Social Credit party to succeed in being called upon to form the next provincial government, as Mr. Aberhart appears to be about the only educated man in the province who feels absolutely sure that the plan can be successfully worked out in Alberta.

An Appeal For The Cancer Fund

Ask Donations to be Sent to
Lady Beasborough

Readers of the Review are asked to give their generous support to the King George V Silver Jubilee Cancer Fund for Canada, now being conducted throughout the Dominion.

During 1933 there were 10,646 deaths from cancer. In 1926 there were 7,614 deaths, showing how the death rate is rapidly increasing. Cancer today is the second leading cause of death being second only to heart disease.

It is essential that everyone in Canada should enter the fight against this dread disease, and therefore every individual who can should contribute.

The fund will be used for research as well as to help those already suffering from cancer. Readers are asked to send their contributions to Lady Beasborough, Ottawa, who will acknowledge it by means of a card bearing the photograph of Their Majesties, the King and Queen.

Envelopes, addressed to Lady Beasborough, and marked "Cancer Fund," will be carried in the mails free of stamps.

Federal House Plans Drastic Trade Measures

Also Grain Board

The legislative program of the federal Parliament will be presented by four or five measures as a result of the recommendations in the report of the royal commission on trade. This will be added to the Minimum Wage Act now before the House.

Furthermore while the commission does not deal with it, a minimum wage enactment, this would prohibit the employment of minors below a certain age.

If the report of the commission is sanctioned in the House it will be an instruction to the government to bring down legislation which is framed.

Among these will be an Act creating a federal commission of trade and industry. Amendments to the Companies Act with more strict regulations including the abolition of stock of par value. Revision of the Weights and Measures Act, imposing penalties for weights to proceed with Act creating a grain board.

Young People Have Debate Last Monday

Topic Was Tobacco Habit

A debate "Resolved that tobacco is a great evil" took place between the Y. P. of St. Ambrose and the Y. P. of St. John the Baptist on Monday evening. The affirmative was taken by 14-13 and Lenning and Helmer debated for Gordon Memorial and the negative by Emma Podesta and Geo. Kitchen for St. Ambrose. It was their first attempt at debating and they did not part very creditably.

Gordon Memorial won on points made and St. Ambrose in address and presentation. The result was a tie in the opinion of the judges, Miss E. Lindroff Miss M. Sellhorn and Mr. Hoogveld.

The debate was a challenge from Gordon Memorial accepted by St. Ambrose. St. Ambrose is now challenged Gordon Memorial to a mock trial which has been accepted.

The rest of the evening was spent in pleasant games, ending with a supper and singing.

SYNOPSIS

"I've fallen heir to a half-ounce of plenty of trouble," the lawyer told Gerald Keene. "The broken firm has been systematically looting its assets, and old Joe Carr, your partner, is drinking himself into ruin."

Dad Kane, desert rat and luckless prospector till now returns to tell Dustin and Spine Goddard, who had grubstaked him, of his discovery of a rich gold mine, and the whereabouts of the ore.

Dustin unexpectedly comes along while Stone and Ed are riding fence, and seeing them, stops and talks to Edith. He mentions that he has been settled by marrying him, and Edith refuses his proposal with remarks that make Dustin blush. He thanks Stone, who promptly throws him into a pool of water.

Stone tells the crew, his foreman, about his meeting with Dustin, Stone and Crews go to find a telegram to Gerald Keene. When he sees an attempt is made to kill Stone, who proves more than a match for his enemies.

Dustin learns that Gerald Keene has been sent for, and that Dad Kane has seen the broken firm men rustling Carr's cattle. He sets out with Dad Kane to learn the location of his gold discovery. Dad Kane shows Dustin the mine.

They go back to camp, and Dustin shows Keene, the drug addict, who, stupified by the narcotic he has taken, did not know whether he was guilty or not. They bury Kane and then return to the broken firm ranch.

Meanwhile at the Hour Glass, Carr, Steve and Spine speak of the meaning of entries in the notebook belonging to Dad Kane. Spine thinks of a possible solution, and, accompanied by Edith Carr, rides out to Red Water to test out his theory, which proves correct, and they find the gold of the prospect mentioned in the prospect's notebook.

As they return to the ranch, they meet Dustin leaving the house, who, he purposely, told the unsuccessful trial to ride down Spine's mine.

(Now On With The Story)

CHAPTER XIII.—Continued

"Wait a bit. I've got a better plan than that," said "Dustin's grin was the grin of a dog who sees the meat that he intends to seize. "Wait! I'll have sprung the gold of the mine simply wait till this Gerald Keene, his partner, turns up. Young Keene might have the money. If he has, then old Carr would get out of my clothes. See? Keene would sure help Carr meet that note. He's sure

MRS. R. SEYFERT
Who calls a a severe statement how Fruit-tives brought her lasting recovery from rheumatic affliction. Mrs. Seyfert, who resides at Vancouver, B. C., writes: "I am so happy to be well again that I have given a statement of my experience and made it under oath before a notary to convince you of its absolute truth. Mrs. Seyfert says: 'I had injury I received at childhood resulted in rheumatic complication. For years I felt run down, lacked all vitality. My condition was pitiful. I started taking Fruit-tives and now I am up at 6:30 a.m., every morning doing my own housework. My complexion is clear and I am quite regular.'

to see him at once. Not a word more than that."

Spine went and ten minutes later Peyot dropped his hat at the door and came shambling into the room. Dustin looked up from some pretended work at the desk.

"It's a good thing for you, Peyot, that you came at once," he said. "I'm sorry for you, but I don't see how I can help you. Remember old Dad Kane, Peyot?"

"The spunk's sake lay off that, Mike!" said Peyot, his eyes and he shivered as though with an ague. "I can't sleep a wink since I came back. . . I'll never get sleep if it wasn't for . . . for . . . you know what."

"I'll suggest a red-and-green cigarette packet from his pocket."

Dustin snatched it from him, tore out four cigarettes and gave them to him, and thrust the package into his desk drawer.

"You damned fool. I've told you a dozen times not to get any of these things except what I give you. I give you your full allowance. Just suppose you take too many of these and talk too much. You know what I mean. You'll be hung as high as Haman."

Peyot looked dead. He had looked for a coin and perhaps an errand and he found a threat that he could half understand. He could not guess what was coming, but he knew that he was on the verge of being violently ill. His stomach was queasy. Mike, born of woman, cannot smoke unlimited Peyot cigarettes to kill the memory of a murder that he never committed and carry them to a free man. Peyot quivered and Dustin glared at him.

"I wish I could help you, Peyot," he said. "But I don't see how I can."

"What's the matter, boss? What's come up?"

"You know damned well what you did. The question is how's your going to look after it. You're sending long streams of snow off the hillsides."

Peyot got the aid of the tall wind, he made a flying time record of a little over eight hours from Akavik to McMurtry. On one stretch of 208 miles from Arctic Red River to Fort Good Hope, he was in the air for just an hour and five minutes in an aeroplane which had a cruising speed of 115 miles an hour.

THE RHYMING OPTIMIST

By Aline Michaelis

CLOSE ARIN

I have never met Joy Walking down the street; But I'd like to see the movements of her dancing feet.

She would come as you do, And I would be the first to know.

She would slip like sunbeams Through the weaving crowd.

I have never heard Joy Call me by my name.

But I know her voice must come to me when I am alone.

With a silver cadence Deeper, far, than mirth, Sweeter than the sweetest Music made on Earth!

Joy may be a pagan. Joy may be a spirit.

I know you share her Infinite delight.

Since the day you came to dwell my heart within, I have known that Joy and you are close akin.

Mothers' Pensions

British Columbia To Increase Allowance By A Small Amount

Recipients of mothers' pensions will have their allowances increased by a small amount, it was stated in the British Columbia legislature by Mrs. Paul James (Lib., Vancouver-Burrard). It will be the first step in an upward scale and will be put into effect during the next six months, she said.

The government had also decided that mothers with only one child should be eligible for pensions. Although the act provided for such eligibility the practice for years had been to exclude them from benefits.

Treasure Worth \$5000 Is Unearthed In Pasture

At Dorchester, Eng., farmer George Chell's cattle are getting extra-chill these days. While grazing the other day, the cattle kicked up a half dozen gold coins which started the farmer digging in his pasture.

He unearthed more than a hundred coins dating back 200 years. The treasure, worth about \$5,000, is believed to have been buried during the reign of the Stuarts.

Alberta Farmer Receives Nineteen Cents in Payment For Cow

One farmer in Alberta has an idea of how to teach his children what hard work means. He is a neighbor of G. G. Coote, United Farmer member for Macleod. Mr. Coote told about him in the House of Commons.

The farmer sent a cow to the Calgary market and after paying all his expenses he netted under \$10 cents. The agent who sold the cow received 75 cents commission. The charge for the hay was the cow at the market was 20 cents. He was asked to call in for his money as the amount was too small to pay by cheque but the farmer wanted a cheque.

He said he proposed to have it framed so if at some time in the future his son complained of poor prices he could show him what really low prices were.

Foot And Mouth Disease

Canada And South Africa Only Countries Free From This High

Canada and the Union of South Africa were said to be the only countries free from the blight of foot and mouth disease, during agricultural debates in the British House of Commons.

Captain Frank Inglis, Conservative, who farms more than 1,000 acres in west Suffolk, is a member of the British Cattle Society, said the society had searched the world over for countries free from the disease, and Canada and South Africa were practically the only ones that had found.

All other countries were spending money in research in the disease and were failing to find a remedy, he added.

Long hair was worn by Buffalo Bill and the other Indian fighters as a matter of honor. They believed that their Indian captor was entitled to a respectable scalplock if he captured them.
